

Year 2

African Animals

What I need to know:

- ✧ Call and response is a feature of African music.
- ✧ The way we play an instrument can change the sounds it makes.

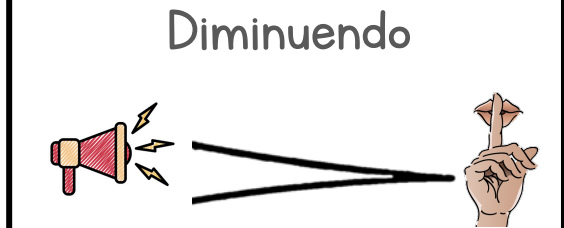

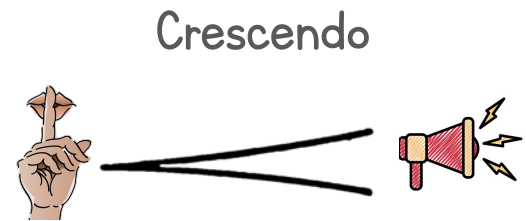

Structure

Skills I can show:

- I can create different sounds from the same instrument.
- I can perform a call and response song with actions.
- I can create a call and response rhythm.
- I can change the dynamics of my song.

Dynamics:

Key Vocabulary

	Sound	A vibration that travels through the air.
	Call and Response	One person sings a phrase and others reply.
A B A B	Structure	The order of each part in a song.

<p>Pulse The steady beat you feel in the music.</p>	<p>Rhythm A regular pattern of sound.</p>	<p>Pitch How high or low a sound is.</p>	<p>Tempo The speed of the music.</p>	<p>Timbre The sound that comes from an instrument when it is played.</p>	<p>Dynamics How loud or quiet a sound is.</p>	<p>Texture Different layers of music.</p>	<p>Structure The way music is organised.</p>	<p>Notation Symbols used to represent music played or sung.</p>
