### Key Vocabulary

<b>Art Movement</b>	A specific style of art that was used by a group of artists for a period of time.
<b>Realism</b>	To depict something as realistic.

#### Renaissance (1400s)

A big change in art where realism was used to make the subjects and backgrounds appear realistic.

#### Impressionism (1860s)

Impressionists captured moments in time. They worked quickly, wanting to capture the light before it changed.

#### Pointillism (1880s)

Pointillism uses only small dots of pure colour to create an entire painting.

#### Surrealism (1920s)

This artwork often made little sense as it was usually trying to show a dream or random thoughts.

#### Pop Art (1950s)

Uses popular images and icons, repeating them over, changing the colour or texture and putting them together in a picture.
