Teacher

What I need to know:

- Somethings we see online may upset us or make us feel worried.
- Once something is posted, you lose control of it.
- Not everything we read online can be trusted.
- Passwords are private and keep our information safe.
- An email address has an @ sign in it.

gamergirl465@gmail.com

Copyright

- Content on the internet belongs to the person who created it.
- Copyright laws are there to protect creators.

Personal Information

- Your name, age, address, email address and phone number are all personal information.
